### Description

There You have screenshot You' ve asked for.

#### Comments

Name: Incorrect location of the "back" and "next" buttons

## Steps:

- 1. Pressing the "Exam" button.
- 2. Selecting the number of questions from the drop-down list.
- 3. Pressing the "Start Exam" button.
- 4. A window with a question and 4 answers to choose from will appear

Expected result: the "Back" button will appear on the left, the "Next" button will appear on the right.

Current result: The "Back" button is on the right. The "Next" button is on the left.

#### **Environment:**

• system type: 64-bit operating system, x64 processor

• version: Windows 10 Home; 22H2

**Priority:** low- replacing buttons makes it slightly more difficult to use the application.

Repeatability: the error repeats itself every time the exam is started.
